### Project Name: 9-8-8 Hotline

Project Identification Number	10025
Project Expenditure Category	1-Public Health
Project Expenditure Subcategory	1.12-Mental Health Services
Status To Completion	Completed 50% or more
Adopted Budget	\$5,350,000.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$5,350,000.00
Total Cumulative Expenditures	\$3,537,426.35

Current Period Obligations	\$0.00
Current Period Expenditures	\$579,966.27
Project Description	"The 9-8-8 Hotline project will finance the operating costs of the 9-8-8 program in Rhode Island through Horizon Healthcare Partners (HHP). Rhode Island's 988 Lifeline call center is Behavioral Health (BH) Link, which is subcontracted to Community Care Alliance (CCA) through HHP. HHP has administrative oversight of CCA's operation of the call center. CCA hires, trains, and employs the staff that works at the 9-8-8 call center, including crisis counselors, supervisors, and managers. They are responsible for handling the calls, texts, chats, follow-up, and resource linkages that are needed by those that contact 988. Program expenses represent items necessary for the running of 988, such as language line/translation services, printing costs, background checks for new employees, emergency on-call back-up, and training. Operating expenses include those necessary for running the operation, such as rent, insurance, phone/internet, equipment maintenance, utilities, and cleaning and maintenance services."

**Project Name: Certified Community Behavioral Health Clinic Development Grants**

Project Identification Number	10020
Project Expenditure Category	1-Public Health
Project Expenditure Subcategory	1.12-Mental Health Services
Status To Completion	Completed 50% or more
Adopted Budget	\$27,646,568.28
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$27,646,568.28
Total Cumulative Expenditures	\$26,568,226.81
Current Period Obligations	\$0.00
Current Period Expenditures	(\$293,125.04)
Project Description	"The Executive Office of Health and Human Services (EOHHS) is providing development grants to community-based behavioral health and social services providers to come into compliance with federal Certified Community Behavioral Health Clinic (CCBHC) standards. These grants support both CCBHC providers and organizations seeking to become designated collaborating organizations (DCO) through investments in staffing and other operational costs that are not otherwise reimbursed by other payers; staff training and workforce development costs; technical assistance; consultation; infrastructure development costs; data capture, analysis, reporting, and sharing costs; client engagement technology; and minor alterations and renovations. Funding prioritizes the collection of demographic data. Special attention is devoted to integrating community-based social services organizations into the delivery system, including those organizations run

	by and on behalf of people from historically underserved communities that have been disproportionately impacted by COVID-19."

**Project Name: Health Care Facilities: Nonprofit Hospital Assistance**

Project Identification Number	10030
Project Expenditure Category	2-Negative Economic Impacts
Project Expenditure Subcategory	2.34-Assistance to Impacted Nonprofit Organizations (Impacted or Disproportionately Impacted)
Status To Completion	Completed
Adopted Budget	\$40,484,886.93
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$40,484,886.93
Total Cumulative Expenditures	\$40,484,886.93
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	The level of financial losses incurred by Rhode Island's private, nonprofit hospitals is not sustainable and is impacting the hospitals' ability to provide services to patients and the communities they serve. To alleviate the financial hardship caused by the pandemic on Rhode Island's nonprofit hospitals, the Department of Administration will distribute grants to each nonprofit hospital based on the formula outlined by the General Assembly in the state fiscal year (SFY) 2023 appropriations act. The total amount of grants to be distributed is \$45 million. Each nonprofit hospital will receive a base payment of \$1 million plus a pro rata share of the remaining appropriation based on a given hospital's operating costs from its 2021 Medicare cost reports relative to the aggregate operating costs of all hospitals, both nonprofit and for profit, from all 2021 Medicare cost reports. (Note: two for-profit hospitals are captured in a separate SFRF project, 10044.) The Hospital Association of Rhode Island (HARI) will serve as a partner to distribute the funding and collect the information required.

**Project Name: Permanent Supportive Housing: Crossroads**

Project Identification Number	10024
Project Expenditure Category	2-Negative Economic Impacts
Project Expenditure Subcategory	2.15-Long-Term Housing Security: Affordable Housing
Status To Completion	Completed 50% or more
Adopted Budget	\$10,000,000.00
Program Income Earned	\$0.00

Program Income Expended	\$0.00
Total Cumulative Obligations	\$10,000,000.00
Total Cumulative Expenditures	\$10,000,000.00
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	"Crossroads Rhode Island (Crossroads) owns and operates a 176-unit single room occupancy development (the Tower) that is functionally obsolete due to the COVID-19 pandemic. The Permanent Support Housing: Crossroads project will finance the development of the Summer Street Apartments to preserve affordable housing units. Upon completion of Summer Street Apartments residents from the Tower, all formerly homeless at or below 30% AMI, will relocate into the Summer Street Apartments. The Summer Street Apartments are expected to be fully occupied within two months of completion on or around September/October 2025. The proposed project responds to the pandemic by decreasing the potential spread of COVID 19 amongst an at-risk population via the provision of safe and affordable housing for the homeless population"
Does this project include a capital expenditure?	Yes
What is the Total expected capital expenditure, including pre-development costs, if applicable	\$9,537,000.00
Type of capital expenditures, based on the following enumerated uses	Affordable housing, supportive housing, or recovery housing
Capital Expenditure Justification	"The Summer Street project, a proposed replacement of the functionally obsolete Tower, is a direct response to the COVID-19 pandemic, as it will provide new, safe, healthy, 1 bedroom apartments for the current tenants of Crossroads' Traveler's Aid Housing Tower Single Room Occupancy (SRO) units, helping to prevent the spread of the disease. With the construction of the Summer Street project, each tenant will have their own 1-bedroom apartment with a private bathroom and kitchen, thus greatly reducing the risk of spreading the virus."

## Project Name: Pediatric Provider Relief and Recovery: Phase II

Project Identification Number	10031
Project Expenditure Category	1-Public Health
Project Expenditure Subcategory	1.14-Other Public Health Services
Status To Completion	Completed
Adopted Budget	\$7,499,870.70
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$7,499,870.70
Total Cumulative Expenditures	\$7,499,870.70
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00

Project Description	"The Pediatric Healthcare Recovery Phase II program will provide payments to pediatric and family practice primary care providers who serve Medicaid-covered children. The funds will create an incentive for providers to continue to improve access to primary care, focus on immunizations and screening rates for healthy physical, cognitive, and social-emotional development, and drive investment into pediatric primary care to support the staffing and infrastructure needed to rebound from COVID-19-related delays in care. Under this project, the Executive Office of Health and Human Services (EOHHS) will make stabilization and performance payments to providers. Stabilization payments will only require submission of the program application, inclusive of a practice improvement plan and commitment to participate in the program's technical assistance program. Performance payments will be contingent upon practices' performance on several vaccine and screening measures, including: the vaccines required to enter kindergarten; the vaccines required to enter 7th grade; and lead screening. A small portion of the funds will support implementation through a technical assistance contractor that will be tasked with supporting training and workflow redesign, data collection and reporting, and best practice sharing to aid providers in successfully improving performance, as well as evaluating practice performance."

### Project Name: Unemployment Insurance Trust Fund Contribution

Project Identification Number	10029
Project Expenditure Category	2-Negative Economic Impacts
Project Expenditure Subcategory	2.28-Contributions to UI Trust Funds
Status To Completion	Completed
Adopted Budget	\$100,000,000.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$100,000,000.00
Total Cumulative Expenditures	\$100,000,000.00
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	"On January 27, 2020, the balance of the Rhode Island Unemployment Insurance Trust Fund (UI Trust Fund) was \$525,914,299.58, and on August 1, 2022, the balance of the fund was \$258,207,660.37. The reduced UI Trust Fund balance due to the pandemic has had a substantial financial impact on RI businesses by moving the UI Tax Rate schedule up two levels, from schedule F to H, which has cost RI businesses approximately \$31,000,000. -- -- The state will deposit \$99,970,000 in SFRF funding to replenish the RI UI Trust Fund. The projected estimated fund balance in the RI UI Trust Fund on 09/30/22 is \$316,000,000. The balance must be \$394,625,000 to move UI rates down a tax rate schedule. An infusion of \$78,625,000 or greater of

	SFRF funding will move the UI tax rate schedule down from Schedule H to Schedule G. This tax schedule change will result in an estimated tax savings of \$10,713,030.41 to RI businesses."

### Project Name: Small Business Technical Assistance

Project Identification Number	10013
Project Expenditure Category	2-Negative Economic Impacts
Project Expenditure Subcategory	2.30-Technical Assistance, Counseling, or Business Planning
Status To Completion	Completed
Adopted Budget	\$8,735,746.37
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$8,735,746.37
Total Cumulative Expenditures	\$8,735,746.37
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	"This project provides targeted finance, technology, marketing, and planning assistance to improve small businesses' knowledge base and resiliency. Qualified vendors selected through a competitive process will provide these services upon request, with additional support provided by an assigned concierge. -- The first phase of the project helps businesses apply for direct grants offered under the Rhode Island Rebounds (RI Rebounds) Small Business Direct Grants (10008) and the Hospitality, Tourism, and Events Direct Grants (10009) programs. The first phase of the project is the technical assistance provided by: the Center for Southeast Asians (CSEA), Rhode Island Black Business Association (RIBBA), Rhode Island Hispanic Chamber of Commerce (RIHCC), Rhode Island Society of Certified Public Accountants (RISCPA), and Roads Consulting Group (RCG). The support includes registering for <a href="https://sam.gov">SAM.gov</a> , applying for a Unique Entity Identifier (UEI) (as applicable), and calculating a business' net need. The second phase of this project utilizes Skills for Rhode Island's Future as a central vendor coordinator to support businesses accessing

	technical services from vendors capable of providing services ranging from legal to marketing to website redesign to accounting."

### Project Name: Development of Affordable Housing

Project Identification Number	10016
Project Expenditure Category	2-Negative Economic Impacts
Project Expenditure Subcategory	2.15-Long-Term Housing Security: Affordable Housing
Status To Completion	Completed 50% or more
Adopted Budget	\$15,000,000.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$15,000,000.00
Total Cumulative Expenditures	\$15,000,000.00
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.01
Project Description	"Rhode Island Housing (RIHousing) will incentivize the production and preservation of affordable housing by awarding grants to nonprofit and for-profit developers, public housing authorities and municipalities to cover costs associated with site remediation, construction, legal fees, architectural and consulting fees, etc. This funding complements other state and federal resources to finance the production and preservation of housing affordable to households earning less than 80% of the area median income (AMI). Providing funding to fill development financing gaps will allow for more affordable housing production and RIHousing to better leverage existing state and federal resources. The State is committed to targeting the grants to low-and-moderate income communities, as outlined in U.S. Treasury guidance."
Does this project include a capital expenditure?	Yes
What is the Total expected capital expenditure, including pre-development costs, if applicable	\$14,692,045.11
Type of capital expenditures, based on the following enumerated uses	Affordable housing, supportive housing, or recovery housing
Capital Expenditure Justification	"Due to the high cost of land, materials and other development expenses, state or federal subsidies are required to create housing for low-income households. This program would increase the gap financing available, thereby increasing the number of housing units that can be developed or preserved. These resources will complement other state and federal resources and support additional affordable housing for families making up to 80% of the area median income (about \$69,200 for a four-person household in most parts of the state). Low-income households have been hardest hit by the pandemic, are at greatest risk of housing instability and face significantly higher housing cost burdens than other households. Rhode

	Island has an acute shortage of available affordable units throughout the state, and there is great demand for funding needed to capitalize project already in the pipeline. A recent RFP for approximately \$60M of housing development funds received \$217M in applications, demonstrating both the need and the ability for these funds to be rapidly deployed to address the pipeline of projects awaiting assistance. Absent this intervention, there are not existing federal or state funds to make significant inroads toward building those units."

### Project Name: Site Acquisition

Project Identification Number	10012
Project Expenditure Category	2-Negative Economic Impacts
Project Expenditure Subcategory	2.15-Long-Term Housing Security: Affordable Housing
Status To Completion	Completed 50% or more
Adopted Budget	\$25,000,000.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$25,000,000.00
Total Cumulative Expenditures	\$24,999,099.73
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	"The Site Acquisition Program will create housing for households earning up to 80% of AMI by providing grants to for-profit, non-profit, and municipal developers to purchase properties for the purpose of developing affordable units. In all, 45 properties will be acquired. Each grant will be less than \$1.5 million. By supporting the development of affordable housing, this program will address inequities and close gaps for communities that are disproportionately affected by homelessness and housing instability, including low-income and Rhode Islanders of color."
Does this project include a capital expenditure?	Yes
What is the Total expected capital expenditure, including pre-development costs, if applicable	\$24,367,437.58
Type of capital expenditures, based on the following enumerated uses	Affordable housing, supportive housing, or recovery housing
Capital Expenditure Justification	"The Site Acquisition program will create more housing for households earning up to 80% of AMI by providing grants to for-profit, non-profit, and municipal developers to purchase properties for the purpose of developing affordable units. In all, 45 properties will be acquired. There is a nine-month closing requirement , and each grant will be less than \$1 million. By supporting the development of affordable and supportive housing, this program will address inequities and close gaps for communities that are disproportionately affected by homelessness and housing instability, including low-income Rhode Islanders and Rhode Islanders of color. To increase the housing supply, the State must create a pipeline of sites ready for redevelopment. The grants to developers qualify as capital

	expenditures, administrative expenses have been removed from total expected capital expenditures."

Project Description	"This program will provide grants to offset the start-up costs of approximately 200 new Family Child Care (FCC) providers to open high-quality options and increase the overall supply of child care in the state. New Family Child Care providers must invest approximately \$2,000 up-front to open their sites, which can be a barrier to entry. By covering these costs, which include inspections, and liability insurance, for example, Rhode Island can encourage more of these primarily women-owned small businesses to open. The Department of Human Services (DHS), and its contracted fiscal intermediary, will continue to provide technical assistance to new Family Child Care providers to ensure they open high-quality programs that serve Child Care Assistance Program (CCAP)-eligible families and participate

	in the state's Quality Rating and Improvement System (QRIS) system with strong business models, which will ensure that more RI children have access to high-quality early education that meets family demand."

Project Description	"This Pediatric Provider Relief and Recovery project built on the successful CARES Act funded Pediatric Relief Programs addresses the critical gap in preventative care that is harming children in Rhode Island, particularly publicly insured children. The Executive Office of Health and Human Services (EOHHS) implemented the Pediatric Provider Relief and Recovery project to provide financial incentives to pediatric primary care practices. The financial incentives were designed to ensure all children are up to date with the full array of essential, preventive healthcare services, including developmental, psychosocial, and behavioral screenings, by overcoming COVID-19 related barriers to access. The outcomes for the project are being measured by tracking well-visits, screening rates, and participation in technical assistance."

Project Description	<p>"Early Intervention (EI) providers require fiscal recovery to effectively outreach, engage and serve an anticipated influx of children and families to return to pre-pandemic referral rates. EI providers need to hire professionals to stabilize their staffing to at least calendar year (CY) 2019 numbers, implement intensive and enhanced family outreach activities, and maintain service consistency for families. Stabilization funds are divided into direct grants to each of the nine EI programs based on child count census. These funds are to help with increased cost of service delivery and the historically low reimbursement rates under Medicaid that have not kept up with cost of living and providing these services to our beneficiaries. Eligible uses include but are not limited to: enhanced outreach activities to ensure equitable access and family engagement in EI services; retention bonuses to maintain current staff; workforce costs due to increased current labor market conditions; professional development activities; and costs required to increase in-person visiting. The pay-for-performance are divided in the same manner, but paid out over time. A total of \$5.8M in Pay for Performance allocation will provide an opportunity for EI providers to earn bonuses based on targets to ensure that the stabilization has resulted in an increase in referrals, improved family engagement, stabilized staffing, and improved service delivery."</p>

Project Description	Open Door Health (ODH), a program of the Rhode Island Public Health Institute (RIPHI), is a not-for-profit community clinic that provides primary care, mental health services, and sexual health services to Rhode Islanders, with a focus on the LGBTQ+ populations. ODH provides services regardless of patients' ability to pay. The Rhode Island Department of Health (RIDOH) provided a grant to ODH to acquire land to expand its physical capacity and therefore the number of people it serves. With the grant, ODH performed due diligence activities and purchased two adjacent parcels located at 14 Cargill St. and 257 Dean St. in Providence. ODH plans to relocate all programs and staff to the new location. With the funds remaining after the purchase, ODH paid for some architectural and engineering planning associated with the construction of its new location.

Project Description	<p>Rhode Island is experiencing a critical housing shortage at all price points. Affordable housing, especially for low-income renters earning less than 80% of the area median income (AMI), is particularly limited because of rapidly rising housing costs and an extremely low inventory – resulting from an influx of out-of-state buyers and years of under-production.</p> <p>Most state- and federally financed affordable housing programs are limited to renters earning no more than 80% AMI. This project is supporting the development of apartments affordable to middle-income households earning</p>

Project Description	<p>between 80% and 120% AMI. By constructing middle income housing, these renters will be able to move to rental units targeted to their income level, thereby freeing up the rental units targeted for lower-income renters that they currently occupy. This program is building on Rhode Island Housing and Mortgage Finance Corporation's (RIHousing), a quasi-public agency, \$9 million Workforce Housing Innovation Challenge (WHIC).</p> <p>No-interest loans, which are being distributed through requests for proposals (RFPs) to for-profit and not-for-profit developers, are covering hard and soft development costs, including property acquisition, site remediation, construction, legal fees, architectural and consulting fees, etc. The maximum, per-project award is the lesser of \$2.5 million or the maximum allowable per housing rental unit. In no event can the award amount exceed 25% of the total development cost. At least 20% of the project's units must be affordable to residents earning less than 120% AMI.</p>

Project Description	"The childcare workforce registry project creates and implements a workforce registry of all employees of licensed child care providers in the state and integrates it as part of an Early Childhood data system. Early childcare educators will complete profiles, and once all educators are in the system, Rhode Island will be able to access a comprehensive data base to inform decision making. The state will work with a contracted vendor to design the childcare workforce registry and develop a cloud-based platform to house the registry. Promoting workforce participation among early educators will require significant and ongoing outreach to licensed programs who will act as the liaisons to their educators. The Department of Human Services (DHS) will use the data gathered from the Child Care Retention Bonuses program (10001) to input current educator profile data"

Project Description	<p>"Through the auto-enrollment program, HealthSource RI (HSRI) will create a responsible pathway to retaining health coverage for vulnerable Rhode Islanders transitioned off of Medicaid once the Public Health Emergency (PHE) expires. The program consists of two components: the first component is the auto-enrollment of individuals and families who are being terminated from Medicaid and have household income at or below 200% FPL into a Qualified Health Plan (QHP) offered through HSRI and effectuating that coverage on their behalf by paying the first two month's premium. Additionally, if these enrollees select a dental plan, that plans premium may also be eligible for payment of two months of premium payments under the program. The second component is an additional premium assistance offering for individuals and families with household income less than 250% FPL, who are not eligible for auto-enrollment but are transitioning off Medicaid and into QHP by making an active selection for a medical and/or dental plan. The program would make payments for two months of premium for this group. HSRI aims to serve approximately 13,000 individuals at or below 250% FPL, maintain the state's record insured rate despite the historic Medicaid transition issue, and cultivate attrition of program participants over the life of the project."</p>

Current Period Expenditures	\$0.00
Project Description	The Rhode Island General Assembly appropriated \$30 million for distribution to Rhode Island nursing facilities to provide for the support of direct care workers at these facilities. The \$30 million is allocated across the state's 75 remaining nursing homes that are in operation in 2022 based on the number of Medicaid bed days a facility had out of the total number of Medicaid bed days for all nursing facilities as indicated each nursing facility's 2020 cost report. Nursing facilities that filed a 2020 cost report but were no longer in business in 2022 and nursing facilities that do not accept Medicaid were excluded from the distribution. Nursing facilities that are eligible for an allocation of the \$30 million must dedicate at least 80% of the monies received to direct care workers. The definition of direct care workers that is used is from R.I. Gen. Laws Section 40-8-19.

What is the Total expected capital expenditure, including pre-development costs, if applicable	\$9,747,000.00
Type of capital expenditures, based on the following enumerated uses	Affordable housing, supportive housing, or recovery housing
Capital Expenditure Justification	"Rhode Island consistently ranks among the lowest nationally in per-capita building permit activity, and the state has ranked far behind its other New England neighbors in the investment of state resources for affordable housing. The result is that Rhode Island is currently experiencing a critical shortage of housing at all price points, but particularly for lower-income households. During COVID, housing prices and rents have increased significantly and both the rental vacancy rate and inventory of homes for sale are at an historically low level. Rent for a market-rate two-bedroom apartment is currently about \$1700, up about 8.5% from 2019, when it was \$1575. Current rental vacancy (the number of units for rent that are not occupied) is 2.8%, down from 3.7% at this point last year and 6.2% in 2019. A normal vacancy rate where you would not expect upward or downward pressure on prices is 6-7%."

Beds will be added by contracting with specific providers and targeting key constituencies of the homeless population including families, couples, chronically homeless individuals, and victims of domestic violence. Providers will use funds to either reconfigure or expand their existing shelter space to serve additional people by adding beds, or to rent hotel/motel rooms and other suitable facilities to house people who would otherwise be unhoused. A portion of the shelter bed additions will be used for only the winter period to safely house homeless persons during the inclement months. Other shelter expansions or changes will be permanent and will provide a more long-term solution to addressing the current system-wide shortage of beds. The overarching goal of this project is to expand the state's capacity to provide temporary housing to individuals while in the process of finding more permanent housing arrangements."
Does this project include a capital expenditure?	Yes
What is the Total expected capital expenditure, including pre-development costs, if applicable	\$600,000.00
Type of capital expenditures, based on the following enumerated uses	Other (please specify)
Capital Expenditure Justification	"As previously stated, Rhode Island is experiencing an increase in homeless and unsheltered persons. The State's current shelter system cannot keep up with the need for additional beds. As a result, approximately 717 individual and families are waiting for space in a shelter. Without capital expenditure, local organizations and agencies cannot use their existing resources to produce additional beds."

Does this project include a capital expenditure?	Yes
What is the Total expected capital expenditure, including pre-development costs, if applicable	\$19,494,000.00
Type of capital expenditures, based on the following enumerated uses	Affordable housing, supportive housing, or recovery housing
Capital Expenditure Justification	"Due to the high cost of land, materials and other development expenses, state or federal subsidies are required to create housing for low-income households. This program would increase the gap financing available, thereby increasing the number of housing units that can be developed or preserved. These resources will complement other state and federal resources and support additional affordable housing for families making up to 80% of the area median income (about \$69,200 for a four-person household in most parts of the state). Low-income households have been hardest hit by the pandemic, are at greatest risk of housing instability and face significantly higher housing cost burdens than other households. Rhode Island has an acute shortage of available affordable units throughout the state, and there is great demand for funding needed to capitalize project already in the pipeline. A recent RFP for approximately \$60M of housing development funds received \$217M in applications, demonstrating both the need and the ability for these funds to be rapidly deployed to address the pipeline of projects awaiting assistance. Absent this intervention, there are not existing federal or state funds to make significant inroads toward building those units."

	Rhode Island Black Business Association (RIBBA) is a non-profit organization dedicated to advancing the business opportunities and vitality of Black-owned and minority businesses in Rhode Island. Through the impact of the pandemic, Black and Latino businesses have been hit the hardest and deserve a triage approach when it comes to providing relief and support to build capacity. According to a report by the US House Committee on Small Business: "In 2020, Black business ownership rates dropped 41% between

Project Description	<p>February and April 2020, the largest rate of any racial group."</p> <p>RIBBA provides a vast array of business development services to our community including: technical assistance, access to contracts, loan programs, business coaching and mentorship, workshops, and leadership opportunities.</p> <p>The funds from this grant will be used to support the Minority Business Hub, a co-working space for our clients, members, and partners. The build-out of the space will better serve our unique needs, program and operation expenses, consulting services, workshops, and supplies. Additionally, funds will help support our Small Business Program, RIBBA's premier outreach program to help small businesses scale, by increasing the capacity of the program team. The Small Business Program team and the new co-working space will be crucial in addressing the two KPIs; connecting with lenders to help improve businesses' credit scores and assisting businesses in certifying their W/MBE status will be critical roles of the team members.</p> <p>In the new Minority Business Hub, the funds from this grant will help to build out our co-working center, providing access to workspace &amp; Wi-Fi, private offices, conference/zoom rooms, meeting spaces for RIBBA clients and other organizations, and community outreach services. These tools are essential to small and micro businesses' success. The Minority Business Hub co-working area offers enough space to realize this vision. A 2015 study by the Harvard Business Review shows that employees thrive in co-working settings. According to the report, employees in these spaces tend to see their work as meaningful, have more job control, and feel like part of a community.</p>

### Project Name: Child Care Quality Improvements

Project Identification Number	10055
Project Expenditure Category	6-Revenue Replacement
Project Expenditure Subcategory	6.1-Provision of Government Services
Status To Completion	Completed 50% or more
Adopted Budget	\$1,145,638.94
Total Cumulative Obligations	\$1,145,638.94
Total Cumulative Expenditures	\$1,031,266.27
Current Period Obligations	\$0.00
Current Period Expenditures	\$195,957.06
Project Description	<p>The project will increase the Rhode Island Association for Education of Young Children's (RIAEYC) capacity to focus on improving the environmental rating scale (ERS) scores for child care providers. ERS scores are tied to improved quality interactions and environments for children, while also increasing reimbursement rates for participating programs. The project is adding three contracted positions (two navigators and one assessment staff) within RIAEYC to be able to enroll 150 new participants into the LearnERS cohort. LearnERS is a series of modules and professional development for educators to address quality improvement. The project is also providing additional operating support to RIAEYC, including additional licenses for LearnERS software, stipends to enrolled child care staff to incentivize participation, materials early learning educators need to meet ERS evaluations, travel costs for the navigators, and consultants to administer ERS assessments. Using the LearnERS model and a similar model developed by BrightStars for school-age programs, participating providers are being selected to join cohorts of 10 to 12 participants who have identified the same areas of improvement through an ERS pre-assessment.</p> <p>This project is working in concert with the other child care investments, such as tailored technical assistance for early learning programs to increase BrightStars ratings and data system and workforce development initiatives, to maximize the targeted technical assistance and financial support available to providers.</p>

### Project Name: Child Care Enhanced TEACH Program

Project Identification Number	10053
Project Expenditure Category	6-Revenue Replacement
Project Expenditure Subcategory	6.1-Provision of Government Services
Status To Completion	Completed less than 50%
Adopted Budget	\$2,000,000.00
Total Cumulative Obligations	\$2,000,000.00

Total Cumulative Expenditures	\$931,979.56
Current Period Obligations	\$0.00
Current Period Expenditures	\$269,931.87
Project Description	The funds are supporting the TEACH Early Childhood RI (TEACH) program that helps child care businesses implement best practices, reduce staff turnover, onboard staff, and continue to provide high-quality early child care and education. TEACH provides access to a higher-education curriculum on the academic, social, and cognitive skills that develop from birth through school age. It has a track record of supporting the incumbent workforce by funding their credential attainment and, in turn, increasing earnings and reducing turnover. The funds are supporting the research and development of new TEACH models tailored to meet the needs of the provider and scholar and allowing the program to expand options and incentives to increase enrollment.

Total Cumulative Expenditures	\$1,539,027.17
Current Period Obligations	(\$2,900,000.00)
Current Period Expenditures	(\$134,249.84)
Project Description	Rhode Island needs expanded residential treatment capacity to care for and treat adolescent females who face some of the most severe and complex behavioral health challenges of any youth in the state. Because of a long-standing shortage of intensive residential treatment options for this population, some youths have been treated in psychiatric hospitals for prolonged periods at enormous cost to the State and harm to the youth. Additionally, due to a lack of appropriate, in-state options, the Rhode Island Department of Children, Youth, and Families (DCYF) must identify out-of-state placements where it can be difficult for family to visit a youth and where crucial work to help youths transition back to living with their families cannot be done. The State proposes an investment in a facility to increase the number of psychiatric residential treatment facility beds for female adolescents.

	"The General Assembly has appropriated \$8 million to "support the construction of a 25-bed short stay unit at

Project Description	Butler Hospital to provide behavioral health care services, crisis intervention and other related services.” The 25-bed short stay unit will allow for patients with mental health needs to seek treatment at the new facility instead of overcrowded emergency departments at local hospitals. The provision of the 25-bed short stay unit will place individuals seeking mental health treatment into a therapeutic treatment environment where treatment can be initiated. The unit will be designed to accommodate multiple distinct patient populations achieved through flexible pod systems to ensure that access to care isn’t impacted by physical space limitations. Examples include the ability to flex up or down adolescent beds, isolation rooms, and varied adult populations. There will be (3) bids for each scope of work to ensure competitive pricing for the project. The goal is to open the Short Stay Unit by January 31st, 2024."

	"As previously stated, Rhode Island is experiencing an increase in homeless and unsheltered persons. The State's

Capital Expenditure Justification	current shelter system cannot keep up with the need for additional beds. Without capital expenditure, local organizations and agencies cannot use their existing resources to produce additional beds. -- To address the need for additional shelter beds to become available during winter, the State of Rhode Island will invest approximately \$10 million. -- Although the proposal will not fully address the need for shelter beds, the projects will impact the State's shelter system by sheltering those families and individuals either in shelters or waiting for a shelter bed. Without the proper funding, the expansion project will not become a reality. Our goal is to have and make permanant housing."

	The Fresh Start Scholarship provides working adults with tuition, fees, and books allowance support for up to one year at the Community College of Rhode Island (CCRI). Specifically, the program supports individuals who

Project Description	<p>previously attended CCRI but did not earn a degree. Fresh Start also targets adult Rhode Islanders that have disenrolled from CCRI and did not meet federal Satisfactory Academic Progress requirements, which makes them ineligible for federal financial assistance. Fresh Start also supports any incidental basic needs and outstanding balances through a partnership with Rhode Island Reconnect.</p> <p>The combined effort provides adults with the direct wraparound supports needed for a “fresh start” to complete their degree. CCRI estimates that 1,350 students will participate in the Fresh Start program. Some participants will not receive Fresh Start scholarships because they will be eligible for Pell Grants and other financial aid that will be awarded before these funds.</p>

Total Cumulative Expenditures	\$13,824,339.87
Current Period Obligations	\$0.00
Current Period Expenditures	\$1,705,844.04
Project Description	<p>The program provides funding to municipalities for the construction or maintenance of roads, sidewalks, and bridges. To be eligible for funding, bridges must be on a local public way and on the State Bridge Inventory. The funding is being distributed in the following way:</p> <ul style="list-style-type: none"> <li>•\$5 million is being equally divided among the 39 municipalities (\$128,205 each).</li> <li>•\$15 million is being divided proportionately based on municipalities’ share of non-federal lane miles.</li> </ul> <p>Municipalities must provide a 67% match to use the funds provided with the Municipal Roads Grant Program. Funds awarded under this program cannot cover more than 33% of the total project cost. For example, if a municipality received \$500,000, adjusted total project costs would be \$1.5 million. Multiplying the \$1.5 million by the 67% match yields a local match of \$1.0 million.</p>

Project Description	<p>The Rhode Island Housing and Mortgage Finance Corporation (RIHousing), a quasi-public agency, is using the funds to subsidize the development of affordable housing. Projects must create:</p> <ul style="list-style-type: none"> <li>• New permanent supportive housing; or</li> <li>• Affordable housing units designated for one or more of the following populations: <ul style="list-style-type: none"> <li>o Extremely low-income Rhode Islanders,</li> <li>o Individuals transitioning out of state care, or</li> <li>o Vulnerable persons (i.e., people with disabilities, people fleeing dangerous living situations, and other populations are particular risk of homelessness or housing insecurity).</li> </ul> </li> </ul>

	Funding is being deployed as zero-interest, long-term loans to complement other state and federal resources to finance the production and preservation of housing affordable to households earning less than 50% of the area median income (AMI). Funding can be used for construction, legal fees, architectural and consulting fees, etc. It cannot be used for costs previously paid for under a separate State Fiscal Recovery Fund project administered by RIHousing.
Does this project include a capital expenditure?	Yes
What is the Total expected capital expenditure, including pre-development costs, if applicable	\$26,991,900.00
Type of capital expenditures, based on the following enumerated uses	Affordable housing, supportive housing, or recovery housing
Capital Expenditure Justification	"Rhode Island consistently ranks among the lowest nationally in per-capita building permit activity, and the state has ranked far below its other New England neighbors in the investment of state resources for affordable housing. The result is that Rhode Island is currently experiencing a critical shortage of housing at all price points, but particularly for lower-income households. During COVID, housing prices and rents have increased significantly and both the rental and inventory of homes for sale are at an all time low level. Rent for a market rate two bedroom apartment has increased by 7% from 1869 in 2017 to 19,66 in 2022. RI Housing will administer this program and make funding available through RFPs that will be open to nonprofit and for profit developers, public housing Authorities and Municipalities."

Total Cumulative Expenditures	\$421,995.45
Current Period Obligations	
Current Period Expenditures	
Project Description	<p>"The Rhode Island Rebounds Energy Efficiency Program will fund select eligible items to assist businesses in improving energy efficiency. Small business owners that request a comprehensive, no-cost energy assessment of their business will be eligible to participate in this program. These are pre-existing assessments available to small businesses today by specialists through organizations such as RISE Engineering. Upon completion of the assessment, businesses receive a list of energy efficient measures they may implement to lower their energy costs and improve energy efficiency at their facilities. Commerce will make an online application available that will be similar to the applications for the RI Rebounds Take It Outside and Ventilation programs. Applicants will upload their energy efficiency assessment with the application. RI Commerce will review applications and pre-approve businesses for up to \$10,000 in reimbursement for eligible costs (note: not every type of improvement included in an energy efficiency assessment will be eligible for reimbursement). After pre-approval, businesses will be notified of their eligibility. Business will provide documentation showing the energy efficiency projects were completed to receive reimbursement.</p> <p>Project Timeline:</p> <ul style="list-style-type: none"> <li>• Dates application opens: January 8, 2024</li> <li>• Dates application closes: March or April depending on volume</li> <li>• Commerce approval timeline: 1 week from the time the application is submitted (if the application is complete and all documents are provided)</li> <li>• Deadlines for reimbursement requests: June 15, 2024</li> <li>• Commerce completes reimbursement requests and closes out program: June 30, 2024"</li> </ul>

Total Cumulative Obligations	\$10,000,000.05
Total Cumulative Expenditures	\$10,000,000.05
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	The Rhode Island General Assembly for FY25 appropriated \$10 million of the State's \$1.13 billion allocation of State Fiscal Recovery Funds for distribution to Rhode Island nursing facilities to provide for the support of direct care workers at these facilities. The \$10 million is allocated across the state's 73 remaining nursing homes that are in operation in 2024 based on the number of Medicaid bed days a facility had out of the total number of Medicaid bed days for all nursing facilities as indicated each nursing facility's 2022 cost report. Nursing facilities that filed a 2022 cost report but were no longer in business in 2024 and nursing facilities that do not accept Medicaid were excluded from the distribution. Nursing facilities that are eligible for an allocation of the \$10 million must dedicate at least 80% of the monies received to direct care workers. The definition of direct care workers that is used is from R.I. Gen. Laws Section 40-8-19.

Project Description	<p>The closure and reconstruction of the northern span of the Washington Bridge has impacted businesses throughout the state, particularly in Providence and East Providence. Immediately after the bridge closure in December 2023, the Rhode Island Commerce Corporation (Rhode Island Commerce) conducted outreach to businesses and opened a helpline. Businesses in Providence and East Providence accounted for over 60 percent of inquiries and survey responses that indicated a negative impact from the bridge closure. Businesses reported loss of revenue, lack of customers, and issues receiving goods from suppliers in a timely fashion.</p> <p>The State made the funding available to “assist small businesses impacted by the closure and reconstruction of the northern span of the Washington Bridge. ... Funds shall be used to provide direct grants or any such other forms of assistance as deemed appropriate ...” Of the \$2.6 million, \$1.2 million was appropriated to the City of East Providence, \$800,000 to the City of Providence, and \$600,000 to the Rhode Island Executive Office of Commerce (EOC). The three entities coordinated to develop a grant program with a centralized application. Grants are being made in the amounts of \$500, \$1,000, and \$2,500, based on the amount of revenue lost between December 2023 and February 2024. Grant awards are being made in tiers based on the percentage of revenue loss on a first-come, first-served basis. EOC transferred \$109,000 of its allocation to the City of Providence to pay for additional grants.</p>

**Project Name: RIPTA Operating Subsidy**

Project Identification Number	10091

Project Expenditure Category	6-Revenue Replacement
Project Expenditure Subcategory	6.1-Provision of Government Services
Status To Completion	Completed
Adopted Budget	\$15,000,000.00
Total Cumulative Obligations	\$15,000,000.00
Total Cumulative Expenditures	\$15,000,000.00
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	<p>The Rhode Island Public Transit Authority's (RIPTA) five-year operating plan projects a structural operating deficit totaling \$174.7 million from FY 2025 – FY 2029, this includes a revenue shortfall of more than \$18 million in FY 2025 alone. Although the deficit is due in part to the authority exhausting all federal COVID-19 relief funding in FY 2025, this structural deficit is generally driven by expenditures outpacing revenues, as operating expenses are projected to increase by 7.0%, while revenues are expected to decrease by 6.0% from FY 2024 – FY 2029, respectively. This operating grant of \$15.0 million in State Fiscal Recovery Funds (SFRF) will aid the Authority's short-term needs as it conducts an efficiency review of all transit operations and administration to identify opportunities for greater efficiency and cost reduction for future fiscal years. This study, which is due March 1, 2025, will include, but will not be limited to, an analysis of fixed-route service, including operating costs, ridership statistics, per rider costs, and other relevant data for each route. The operating grant of \$15.0 million in SFRF will provide RIPTA with sufficient working capital to maintain bus routes and sustain operations for the next fiscal year as the Authority adapts to a post-pandemic environment.</p>

	<p>The Rhode Island Department of Corrections (DOC) used these funds to address the increase in personnel and operating expenses because of the pandemic. These funds helped cover overtime expenses, holiday pay, and briefing time pay for essential positions. Correctional officer classes are required annually to address attrition and an aging workforce. Prior to the pandemic,</p>

Project Description	DOC operated correctional officer classes through which between 40 and 60 recruits graduated. The two most recent correctional officer classes had 13 and 15 recruits, representing a significant decrease in class size. As of the middle of June 2024, 89 correctional officer positions were vacant and 18 more were on leave without pay. DOC is reforming its recruitment and training efforts to mitigate the effects of the pandemic and adjust to the post-pandemic recruitment situation.

**Project Name: Proactive Housing Development**

Project Identification Number	10087
Project Expenditure Category	6-Revenue Replacement
Project Expenditure Subcategory	6.1-Provision of Government Services
Status To Completion	Completed 50% or more
Adopted Budget	\$1,400,000.00
Total Cumulative Obligations	\$1,400,000.00
Total Cumulative Expenditures	\$700,000.00
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	The Rhode Island Department of Housing (Department) is providing an operating grant for the creation and staffing of a new subsidiary under the Rhode Island Housing and Mortgage Finance Corporation (RIHousing). This subsidiary will focus on identifying and bolstering potential housing developments that meet Rhode Island's most significant needs and work proactively to support cities and towns, property owners, and developers to bring these expanded housing options to fruition. This new subsidiary will help identify and assess properties for potential development, assist with the development of site plans, support efforts to identify and secure funding sources and facilitate financing, and help navigate approval processes.

**Project Name: Certified Community Behavioral Health Clinic Development Program Management**

Project Identification Number	10099

Total Cumulative Obligations	\$1,353,431.72
Total Cumulative Expenditures	\$505,139.37
Current Period Obligations	(\$1,000,000.00)
Current Period Expenditures	\$190,682.58

Project Description	<p>The Certified Community Behavioral Health Clinics (CCBHC) project addressed challenges faced by Rhode Island's behavioral health providers, enabling them to better treat Rhode Islanders with behavioral health conditions. Previously, behavioral health services for Rhode Island families were fragmented, with a problematic division of child and adult behavioral health services. There was also evidence of a lack of co-located, integrated mental health and substance use disorder services to treat individuals with co-occurring disorders. The State successfully launched the CCBHC program on October 1, 2024, with clinics providing coverage across seven of eight designated "catchment" areas across the state. The overall areas of essential continued work are as follows:</p> <ul style="list-style-type: none"> <li>• State monitoring and oversight to ensure provider compliance with all federal and State CCBHC program certification and billing requirements, including demonstration requirements.</li> <li>• State data collection and reporting to meet all federal demonstration program requirements, and to inform continuous program quality improvement.</li> <li>• Annual update of the State CCBHC certification standards and agency regulations in alignment with required federal program updates and to align the program with ongoing statewide health care system planning priorities and initiatives.</li> <li>• State update of the cost reporting process and resetting of prospective payment system (PPS) rates on an annual basis in alignment with federal program requirements and updated rate setting guidance.</li> <li>• Full disbursement of remaining, committed infrastructure grant funding to provider grantees to strengthen their organizational capacity to serve in these roles and to expand the partnership network across Rhode Island to increase client service access, equity, and choice with a goal of having full statewide coverage by October 1, 2025.</li> </ul>

	<p>The program provides funding to municipalities for the construction or maintenance of roads, sidewalks, and bridges. To be eligible for funding, bridges must be on a local public way and on the State Bridge Inventory. The</p>

Project Description	funding is being distributed equally among 38 municipalities. The Town of Warren is unable to participate because of financial constraints. Municipalities must provide a 67% match to use the funds provided with the Municipal Roads Grant Program Phase II. Funds awarded under this program cannot cover more than 33% of the total project cost. For example, if a municipality received \$500,000, adjusted total project costs would be \$1.5 million. Multiplying the \$1.5 million by the 67% match yields a local match of \$1.0 million.

Current Period Expenditures	\$0.00
Project Description	<p>These funds will be distributed to municipalities that have approved community learning center projects under the Coronavirus Capital Projects Fund community learning center municipal grant program. An equal amount of funding will be allocated to each approved community learning center project that reaches substantial completion as defined by the U.S. Department of Treasury by October 31, 2026. These funds must be used to support the establishment of U.S. Department of the Treasury compliant health monitoring, work, and or education programming that will take place in a community learning center.</p>

### Project Name: Eat Well, Be Well Program

Project Identification Number	10100
Project Expenditure Category	6-Revenue Replacement
Project Expenditure Subcategory	6.1-Provision of Government Services
Status To Completion	Completed less than 50%
Adopted Budget	\$4,500,000.00
Total Cumulative Obligations	\$4,500,000.00
Total Cumulative Expenditures	\$0.00
Current Period Obligations	\$4,500,000.00

Current Period Expenditures	\$0.00
Project Description	<p>The Supplemental Nutrition Assistance Program (SNAP) Eat Well, Be Well (EWBW) Pilot Rewards Program is the first statewide program of its kind in the country. The SNAP Eat Well, Be Well (EWBW) Pilot Incentive Program rewards health-conscious food purchases for customers using SNAP benefits. The Eat Well, Be Well Pilot Program is a vital safety net for the approximately 140,000 SNAP recipients struggling with food insecurity and access to healthy, nutritious foods. The Eat Well, Be Well Pilot Rewards Program provides Rhode Island households with up to \$25 a month in additional benefits to purchase fruits and vegetables. The pilot program works by giving customers \$.50 in SNAP benefits for every \$1 spent on qualifying fruits and vegetables at participating retailers. Only in-store purchases count towards the accrual of additional benefits. All SNAP recipients are automatically enrolled in the program. The additional benefits, up to \$25 a month, are loaded to the customer's EBT card for the future purchase of qualifying SNAP products at in-store locations.</p>

### Project Name: Statewide Housing Plan

Project Identification Number	10032
Project Expenditure Category	6-Revenue Replacement
Project Expenditure Subcategory	6.1-Provision of Government Services
Status To Completion	Completed less than 50%
Adopted Budget	\$2,000,000.00
Total Cumulative Obligations	\$2,000,000.00
Total Cumulative Expenditures	\$974,138.83
Current Period Obligations	\$0.00
Current Period Expenditures	\$405,352.72
Project Description	<p>In December 2022, the Rhode Island Department of Housing (Department) issued a request for proposals to help develop the Statewide Housing Plan. It retained a consultant to create a plan that contains the following information:</p> <ul style="list-style-type: none"> <li>• Evaluation of existing plans related to housing and homelessness.</li> <li>• Assessment of current and future housing needs for each municipality and across the spectrum of age and income demographics and housing typologies, as well as recommendations for metrics to measure success.</li> <li>• Identification of barriers to housing development, homeownership, affordability, and preservation of existing affordable housing, and recommendations to address same.</li> <li>• Identification of the opportunities and means for increased investments toward disproportionately impacted individuals and communities.</li> <li>• Identification of other jurisdictions' best practices to address Rhode Island's housing needs.</li> <li>• Evaluation of the strengths and weaknesses of the state's current housing production and preservation delivery system, and provider developer network.</li> <li>• Evaluation of the strengths and weaknesses of the state's housing stabilization/homelessness provider network.</li> </ul>

	<ul style="list-style-type: none"> <li>• Two-year, five-year, and 10-year goals for housing production and preservation that align with the Rhode Island 2030 plan.</li> </ul> <p>Funds are also being used to support focused research on school costs, housing sustainability, and vacant/underutilized state and municipal properties.</p> <p>Officials and/or the public often cite school costs as a burden and reason to oppose new housing developments, particularly family housing. The Department is hiring a consultant to quantify the net increase in municipal school costs associated with additional housing and develop a “school impact offset payments” formula related to such conclusions.</p> <p>The State and municipalities have identified adaptive re-use as an attractive option to create housing. The Department will hire an architectural and engineering consulting firm to investigate the suitability of vacant/underutilized property for conversion to housing and/or shelter, and to provide cost estimates for such conversions to facilitate budgetary and feasibility determinations.</p>

Total Cumulative Expenditures	\$3,159,835.93
Current Period Obligations	\$0.00
Current Period Expenditures	\$347,086.50
Project Description	The funds are paying for the proper storage of personal protective equipment, other necessary COVID-19 response-related supplies, and other supplies at two State-operated warehouses. Costs include monthly lease payments, contracted labor, supplies, equipment, and utilities.

### **Project Name: R-Line Free Service Pilot**

Project Identification Number	10028
Project Expenditure Category	6-Revenue Replacement
Project Expenditure Subcategory	6.1-Provision of Government Services
Status To Completion	Completed
Adopted Budget	\$3,250,000.00
Total Cumulative Obligations	\$3,250,000.00
Total Cumulative Expenditures	\$3,250,000.00
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00

Project Description	The Rhode Island Public Transit Authority (RIPTA) is implementing a free fare pilot on the R-Line bus route for one year (from September 1, 2022 through August 31, 2023). From September 2018 through August 2019, there were approximately 2.5 million rides provided on the R-Line. The pandemic significantly reduced ridership, with approximately 1.2 million rides on the R-Line from September 2020 through August 2021. The pilot program is an opportunity to recapture some of the lost ridership.

**Project Name: Safety Barriers Study**

Project Identification Number	10019
Project Expenditure Category	6-Revenue Replacement
Project Expenditure Subcategory	6.1-Provision of Government Services
Status To Completion	Completed 50% or more
Adopted Budget	\$1,750,000.00
Total Cumulative Obligations	\$1,750,000.00
Total Cumulative Expenditures	\$1,569,414.35
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.02
Project Description	Between January 2018 and June 2022, there were 23 known suicides from the four bridges maintained by the Rhode Island Turnpike and Bridge Authority (RITBA) – the Jamestown Verrazzano Bridge, Mount Hope Bridge, Claiborne Pell (Newport) Bridge, and Sakonnet River Bridge. RITBA retained a consultant to develop detailed reports on what, if any, safety barrier measures are possible for use on the four bridges. The studies, which included high-level cost estimates for each measure and the potential impact of ongoing maintenance and inspections, provided RITBA with a basis for informed decision-making.

**Project Name: Aid to the Convention Center**

Project Identification Number	10018
Project Expenditure Category	6-Revenue Replacement
Project Expenditure Subcategory	6.1-Provision of Government Services
Status To Completion	Completed
Adopted Budget	\$10,000,000.00
Total Cumulative Obligations	\$10,000,000.00
Total Cumulative Expenditures	\$10,000,000.00
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
	In the last full fiscal year before the pandemic, the Rhode Island Convention Center Authority's (RICCA) operating margin was \$(661,000) based on 502 RICCA-hosted events. The pandemic forced the cancellation of all events, reducing RICCA's operating margin to \$(4,890,000) in Fiscal Year

Project Description	2021. The transfer of \$10 million in SFRF provided RICCA with sufficient working capital to tailor its operations to a post-pandemic environment by reimagining the use of its spaces to ensure the comfort and confidence of patrons and attract new events to the facility.

Total Cumulative Obligations	\$999,849.94
Total Cumulative Expenditures	\$999,849.94
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	The funds paid design and architectural planning costs for a new, residential facility to address the behavioral health needs of female youth ages 13 to 18. The approximately 30,000-square-foot facility on State-owned property in Exeter will include two, eight-bedroom suites, activity rooms, classrooms, a media center, visitor space, and staff offices.

**Project Name: OHCD Support and Capacity**

Project Identification Number	10007
Project Expenditure Category	6-Revenue Replacement
Project Expenditure Subcategory	6.1-Provision of Government Services
Status To Completion	Completed 50% or more
Adopted Budget	\$1,500,000.00
Total Cumulative Obligations	\$1,500,000.00
Total Cumulative Expenditures	\$1,457,499.25
Current Period Obligations	\$0.00
Current Period Expenditures	\$30,863.03
Project Description	The programs administered by the Rhode Island Department of Housing (Department), Office of Housing and Community Development (OHCD) were severely understaffed. During the pandemic, additional initiatives were assigned to OHCD, adding functions to an already strained staff. This project allowed OHCD to onboard staff or contract resources to expand and enhance the capacity of the Department and OHCD in the areas of housing/homelessness.

Project Description	The project will allow for the hiring of a statewide broadband coordinator, building the broadband maps needed to complete the necessary strategic planning, and completing a statewide broadband strategic plan to guide work in upcoming fiscal years. These three foundational elements are necessary to unlock and utilize additional federal funding being designated for broadband. The State needs a clearly articulated strategic plan and a five-year implementation plan that is developed in partnership with and in consultation of other state and local stakeholders. These plans must be grounded in data and built from strong broadband access and planning maps. Rhode Island also needs an office and

director who will oversee the effort, ensure compliance with various federal programs, and ensure the program meets the State's targeted goals and engages all relevant stakeholder groups.
